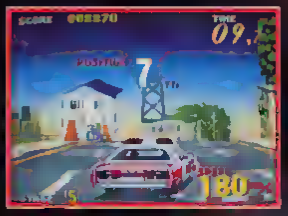
Cisco Heat™



Put your pedal to the metal for a fast start at the Golden Gate Bridge.

No time for a fast food break at Fisherman's Wharf.

Rev down for a safe ride through the streets of Chinatown.

It's life... or death... in the fast lane along Bush Street.

3/95

THE FASTEST GAME ON FOUR WHEELS!

It's hot! It's fast! It's the wildest way yet to see Sao Fraocisco—flyiog over bills, screecbiog around corners, dodging cabie cars and pedestrians, at speeds only the most powerful police cars can reach.

'Cisco Heat brings your customers death-defying action they can't get from any other driving game as they race in the nation's first "National Championship Police Car Steepiechase" at breath-taking speeds.

Digitized graphics and thundering stereo sound combine with ultra-realistic controls—inciuding vibrating steering wheel, gear shift, brake and gas pedals—to take them for a ride they'll never forget.

'CISCO HEAT...DRIVES 'EM WILD!

'Cisco Heat features:

- **Skilled Realistic Driving**
- **Variable Coinage**
- **Continne Play Feature**
- **Vibrating Steering Wheel**
- **Attracting Flashing Lights**
- **Stereo Sound**

Once your customers get their hands on the wheel of 'Cisco Heat, they won't want to iet go!

NEW! 2-SEATER!

Cisco Heat™

Put your pedal to the metal for a fast start at the Golden Gate Bridge.

Watch out for slow-moving pedestrians as you approach downtown.

It's life... or death... in the fast lane along Rush Street.

Rev down for a safe ride through the streets of Chinatown.

No time for a fast food break at Fisherman's Wharf.

IT'S WHITE KNUCKLE TIME!

Dizzying graphics! Thundering stereo sound! A vibrating steering wheel that threatens to shake your teeth right out of your mouth!

It's 'Cisco Heat—the wildest ride your customers have ever taken. A tire-screeching, heart-pounding, sweat-inducing race through the streets of San Francisco—flying over bllls, squealing around corners, dodging cable cars and pedestrians, at death-defying speeds only the most powerful police cars can reach.

'Cisco Heat combines ever-changing digitized graphics, exciting sound effects and ultra-realistic controls—including vibrating steering wheel, gear shift, brake and gas pedals—as players race in the first "National Championship Police Car Steeplechase."

'Cisco Heat is two games in one. Two players can play against the computer at the same time, or play against each other in head-to-head competition.

'Cisco Heat features:

· Dual Individual Play or 2 Player Competition · Variable Coinage · Continue Play Feature · Two 25" Monitors · Vibrating Steering Wheel · Stereo Sound · Unique Cabinet Design · Attracting Flashing Lights

This is one ride people will pay to be taken for...
